Dr Wendy Sarkissian FPIA  Publications

Wendy’s dedication to research drives her to work at the forefront of thinking and speaking for the future. Her research and reports from practice have been published in a variety of formats: nine books, including three new books on community engagement, one award-winning co-authored housing book (still in print), several chapters in books and articles in journals, two book reviews, several professional videos and a large number of award-winning professional reports.
